

DirectPayMax Brazil

Providing quicker payouts, for improved financial liquidity

DirectPayMax Brazil™ provides a fast, easy to use and trusted method for consumers to make payments directly from their bank account.

There is no need for consumers to sign up, register, use a credit card or to provide additional personal information. They simply select their bank upon checkout and enter their usual online banking information during a secure

session to finalize their transactions. Merchants greatly benefit from DirectPayMax Brazil because it is economical, faster, with low risk of returns, and purchaser account information is verified to reduce erroneous transactions.

Simply more revenue with localized options! DirectPayMax Brazil has advantage over other payment methods because it greatly reduces the risk of

chargebacks, whilst providing quicker payouts, for improved financial liquidity and higher sales volumes for merchants.

Product Description

Bank Transfer

Product Process

Upon purchase, the consumer selects their own bank and securely enters their usual online banking information. They simply approve the transaction and the funds are directly transferred from their bank account in real time and receive a payment confirmation immediately.
