

TENPAY

China's Leading Online Payment Platform

Tenpay is developed by Tencent company - a Chinese giant in mass media entertainment, internet and mobile phone value-added services and online advertising.

Tenpay users can use the Tenpay wallet to send money and make payments. The Tenpay wallet is compatible with the e-banking service of major domestic banks. Tenpay also supports Tenpay Express

Checkout, enabling consumers to check out in just a few seconds, simply paying by username and password. More than 200,000 shopping websites accept Tenpay.

According to a report by China Post, Tenpay was estimated to have registered more than 200 million users by the end of 2016.

Tenpay advantages:

- ☑ Tenpay provides comprehensive payment service, which reduces the risk of online transactions, prevents the occurrence of fraud effectively and maximize the success rate of payment.
- ☑ Tenpay's secure, timely and expedient settlement effectively enhances the cash flow of merchant.
