- Provides secure payments
- Merchants have absolutely no risk. Each transaction must be authorised by the consumer
- No need to process consumers' personal data

Product Description

Bank transfer

Product Process

After initiating a payment, consumers choose a bank from the list of the supported banks and pay via their own bank account. They do not need to disclose any personal data to TrustPay. All they need is an account with a TrustPay supported bank.

Countries Supported

Czech Republic and Slovakia.

Merchant Advantages

- Provides an additional real-time online payment acceptance method to convenience consumers with no risk of chargeback for the merchant.
- Increases sales by offering a local trusted payment solution to customers.
- Excellent alternative payment solution for declined card transactions and blocked customers.
- Consumer support in local languages is included.

Consumer Advantages

- Clients of the bank are automatically enrolled and do not need to register. They simply select TrustPay as their payment method and approve the payment.
- Provides a trusted and familiar local payment method that is supported by the consumer's own bank.
- Convenient, reliable, and simple transaction process.
- Offers access to more products and services.
- No credit or debit card needed.
- Local support in native language.
